Support for businesses in Australia

20 July, 2020

We've launched the Guide to digital transformation

Operating a business online has never been more important. To help you get it right, we have developed the Guide to digital transformation. The guide is a step-by-step tool that walks you through the process of going digital in your business.

CHECK OUT THE GUIDE

10 businesses share in \$5.6m to support their innovations

As part of the Entrepreneurs' Programme, the Accelerating Commercialisation funding will help businesses turn good ideas into marketable products through activities such as trials, upscaling and connecting with new markets.
